## 2. General Information

**The Erasmus+ program offers full/part-time academic and administrative staff the opportunity to carry out a short-term teaching or training visit to a higher education institution or an eligible enterprise/organization in Europe. Funding is provided for travel costs and a grant.**

**Training Mobility (STT):** This mobility supports the professional development of higher education institution staff in the form of training activities (excluding conferences) organized abroad and on-the-job training/observation periods at a partner higher education institution or another relevant organization (e.g. a business, workshop or short-term assignments).

**Teaching Mobility:** This mobility takes place on a daily basis and grants are paid for the days of teaching. Therefore, under the **Staff - Teaching Mobility (STA) Agreement**, a specific teaching program needs to be specified on a daily basis. In all cases, teaching mobility must include at least 8 hours of teaching per week and you must be a full/part-time faculty member to apply. **There must be an existing and valid “Erasmus+ Bilateral Agreement”** between the higher education institution where the Erasmus+ Staff Teaching Mobility will take place and Üsküdar University for the department to be applied for. On the other hand, conference participation is not supported under this mobility.

**Staff mobility can be combined with Teaching and Training mobilities. Teaching or Training mobilities can also be carried out as blended mobility (physical+virtual).**

The Erasmus+ grant budget is available to fund **approximately 15 participants for 5 days of mobility + 2 days of travel support**. However, these numbers may change and depending on the number of eligible applications, unused quotas between different types of mobility may be transferred.

- **Examples of Eligible Training Mobility:**

The following organizations are eligible if they are located in Program Countries:

- Enterprises

- Before departure, the staff receives 80% of the individual grant plus the travel grant. After return, the staff will receive 20% of the remaining individual grant. However, in case of a situation where it is seen/realized that there is a deficiency in the documents, the grants will be deducted and a refund will be requested.

## 7. Travel Expense Calculations

Travel Distance	Standard Travel Grant Amount (Euro)	Green Travel Grant Amount (Euro)
Between 10 and 99 KM	23	
Between 100 and 499 KM	180	210
Between 500 and 1999 KM	275	320
Between 2000 and 2999 KM	360	410
Between 3000 and 3999 KM	530	610
Between 4000 and 7999 KM	820	
8000 KM or more	1.500	

The amount of travel expenses to be paid to the staff participating in the staff mobility should be calculated using the “Distance Calculator”. The distance calculator can be accessed from the link below.

[http://ec.europa.eu/programmes/erasmus-plus/tools/distance\\_en.htm](http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm)

A distance calculator should be used to calculate the kilometers between the 2 locations from the staff's place of residence to the place of mobility and the travel grant should be calculated using the table below. The grant equivalent of the kilometers calculated in the distance calculator in the table below is the round-trip amount and this amount is not multiplied by two. If the staff travels with a transfer, it does not affect the distance calculated with the distance calculation mentioned above.

The starting point of the trip is assumed to be the location of the sending institution and the location of the activity is assumed to be the location of the host institution. If the starting point of the trip is in a city other than the city where the sending institution is located, or the activity takes place in a city other than

Erasmus+

ERASMUSKUDAR

the city where the host institution is located, travel invoices are requested and the grant is awarded according to the actual distance band, if the change causes the trip to fall within a different distance band. If a different starting point or mobility location is reported, the reason for this difference shall be stated in the report, and the documents and invoices showing the start and end points of the travel shall be kept in the staff file to be presented in case of possible inspections. Except for the above-mentioned cases, since the travel grant will be awarded on a lump sum basis, there is no need to keep the documents showing the travel expenses of the personnel in the file. However, if the higher education institution has decided to provide a grant for travel days, the appropriate documents from options such as flight cards, bus/train tickets/passport entry/exit documents should be kept in order to identify the round-trip days. Individual support for travel days is provided to staff who prefer the Green Travel type. (See Erasmus+ Implementation Handbook for Contract Year 2023)

## 8. Support for Individuals with Special Needs (Inclusion Support)

The Erasmus+ program encourages the participation of disadvantaged participants in the program. A person with limited means is a potential participant whose personal physical condition, mental state or health condition does not allow them to participate in the project/mobility activity without additional financial support. In addition to the standard grants that underprivileged beneficiaries participating in the Erasmus+ Program receive, additional grants may be provided to help with their specific needs.

Additional grant support will be provided to disadvantaged participants in addition to the grant for which they are eligible. A disadvantaged participant who is eligible for a grant is defined as economically and socially disadvantaged and must cover one of the following sub-categories

1. Those within the scope of Law No. 2828 (**individuals who have been given a protection, care or housing decision by the Ministry of Family and Social Services**)
2. **Students who have been given a protection, care or housing decision within the scope of Child Protection Law No. 5395**
3. **Receivers of orphan / death pension**
4. **Martyr / veteran spouses and children and veterans**
5. **Those who have been provided with a needy pension or their families**
  - o It is sufficient to submit a document showing that they receive financial support from municipalities, public institutions, ministries, Social Assistance and Solidarity Foundations, General Directorate of Foundations, Red Crescent, AFAD, etc. during the Erasmus application.
6. **Individuals with disabilities**
7. **Students whose parent or guardian receives a disabled or needy pension** within the scope of Law No. 2022 (Within the scope of Law No. 2022 dated 01.07.1976, students who fall within the scope of the pension tied to needy, weak and orphaned Turkish citizens over the age of 65 and disabled and needy individuals)
8. **Those who themselves or their first-degree relatives receive disaster support from AFAD**
9. **Credit and Dormitories Institution scholarships, other grants, aids and scholarships (merit scholarships, one-time aids, etc.) are not accepted within the scope of this financial assistance.**

Erasmus+

ERASMUSKUDAR

## 9. Staff Mobility without grant (“0” Grant)

Staff can participate in a teaching or training mobility without receiving a grant if they wish. In order to participate in the mobility without a grant, an application must be submitted and the application must be evaluated together with the other applications. The difference for staff without a grant is that the staff member is not included in the budget calculations and is not paid. Not receiving a grant is not a reason for staff not to be included in the selection process.

### Evaluation:

- Applications will be evaluated according to the selection criteria mentioned above.
- Within the scope of Erasmus+ teaching and training mobility, 1 (one) week objection week will be given after the draft result list is published. Objections will be sent to us with a petition. Objections received after the objection week will not be taken into consideration.
- Erasmus+ Mobility for Teaching and Training (Erasmus+ Teaching and Learning Mobility) full and substitute lists will be announced on the Erasmus+ Coordinatorship's web site (<https://erasmus.uskudar.edu.tr/en>).
